Notes

These allocations are indicative only and may be amended due to entry numbers, green conditions or weather.

Additional greens will be required in the case of transfers, cancellations and postponements. Any clubs at the time deemed as 'suitable' will be eligible for consideration.

Clubs retain the right to refuse an event but must inform the centre ASAP. Clubs must inform the Greenkeepers Association and Bowls Wellington of any change in green condition throughout the season.

All attempts has been made to ensure a fair and reasonable allocation of greens, while taking into account the most recent Greenkeepers assessment, green history, club facilities and capability.

Host clubs are responsible for ensuring appropriate facilities including toilets and evacuation protocols. All Bowls Wellington tournaments are non-smoking and clubs are expected to enforce this. Umpires and tournament managers are not responsible for monitoring smoking.

Sponsored events are likely to involve a representative from the organisation in attendance and potential promotional activities on the day.

If a club is not providing catering, please inform the centre so that participants can be informed.
